

Art. 5360

This pressure regulator has the same construction as Art. Nr. 5100. Modifications to both spring and cover permit working pressures up to 60 bar.

Connection: screw connector for cylinder) (to ISO 5145)

Outlet: threaded connector 3/8", 1/4", 1/2"

Gases: AR, C, DL, HE, N, O, H

Art. No. 5360	5360-20	5360-40	5360-60
	compr. air	compr. air	compr. air
Inlet pressure (bar)	300	300	300
Working pressure (bar)	20	40	60
Flow rate (Nm ³ /h)	40	50	60
